Curate your own show

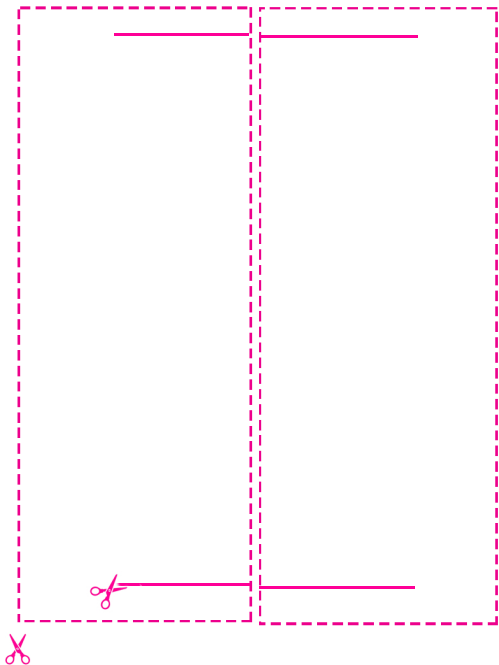

Definition | **curate**, v. to be in charge of selecting and caring for objects to be shown in a museum or to form part of a collection of art, an exhibition, etc.

An activity that takes time, concentration, and creativity.

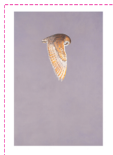

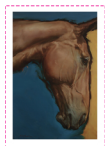

Instructions

Take a pair of scissors and carefully cut along the pink solid and broken lines. Once you have the gallery walls and shopfront cut out, you can assemble the exhibition space with sticky tape. Cut the paintings out, selecting a painting to go in the front window, and the inside walls.
